REQUEST FOR RECONSIDERATION OF  
PETITION UNDER 37 CFR 1.181 AND  
1.137(A)

Commissioner for Patents and Trademarks  
Box PCT  
Office of PCT Legal Administration  
Washington, D.C. 20231

Sir:

Responsive to the Decision on Petition mailed November 5, 2002, Applicants submit a Request for Reconsideration of Petition Under 37 CFR 1.181 and 1.137(a).

Responsive to paragraph one of the Decision's Discussion regarding the Certificate of Mailing on the Transmittal Form erroneously indicating a date of July 23, 2002, Applicant's bring to the attention of the Commissioner that this was a clear typographical error on the part of the Applicant. The correct date is obviously August 30, 2002, as is clear from the following documents: 1) Transmittal Form PTO/SB/21, signed by Kevin Bastian, Attorney, and Jill Clarke, Secretary; 2) Fee Transmittal Form

Kaslow  
Application No. 09/554,960

PTO/SB/17, signed by Kevin Bastian; 3) Request for Reconsideration of Petition Under 37 CFR 1.181 And 1.137(A), Certificate of Mailing signed by Jill Clarke, Secretary; and 4) Return postcard with a mailing date of 8/30/02. (Exhibit A) Since the Request for Reconsideration contains a certificate of mailing identifying the mailing date as August 30, 2002, the requirements of 37 CFR 1.8 have been met.

Responsive to Item (3) of the Decision's Discussion regarding Nonreceipt of the Notification of Missing Requirements and Item (3) of the Decision's Discussion regarding Petition to Revive Unavoidably Abandoned International Application for Patent, enclosed are a newly executed Declaration Under 37 C.F.R. §1.68 of Michele Simone, a docket clerk in our U.S. docket department, and a copy of all of the pages of Townsend and Townsend and Crew LLP's "Patent and Trademark Chronological Docket" for **July 23, 2000**, the correct time period set for response to the Notification of Missing Requirements (Exhibit B and C, respectively).

In the Decision mailed November 5, 2002, the Office did not accept the newly executed Declaration of Michele Simone under 37 C.F.R. §1.68 filed on August 30, 2002, because the accompanying docket report failed to show all replies docketed for July 23, 2002.

Responsive to Item (1) of the Decision's Discussion regarding the Petition to Revive Unavoidably Abandoned International Application for Patent, enclosed is the Declaration under 37 CFR 1.63, executed by all three of the inventors named in the above-noted patent application including page three (3) of Dr. Kaslow's Declaration, which was inadvertently omitted during the original submission (Exhibit D).

Applicants respectfully submit this request for reconsideration and believe this submission to be fully responsive to the Decision mailed November 5, 2002.

Applicants request that the Commissioner charge Deposit Account No. 20-1430 for all fees due in connection with the filing.

Sir:

Responsive to the Decision on Petition mailed February 1, 2002, Applicants submit a Request for Reconsideration of Petition Under 37 CFR 1.181 and 1.137(a).

Responsive to Item (3) of the Decision's Discussion regarding Nonreceipt of the Notification of Missing Requirements and Item (3) of the Decision's Discussion regarding Petition to Revive Unavoidably Abandoned International Application for Patent, enclosed are a newly executed Declaration Under 37 C.F.R. §1.68 of Michele Simone, a docket clerk in our U.S. docket department, and a copy of the relevant page of Townsend and Townsend and Crew LLP's "Patent and Trademark Chronological Docket" for July 23, 2000, the correct time period set for response to the Notification of Missing Requirements.

In the Decision mailed February 1, 2002, the Office did not accept the Declaration of Michele Simone under 37 C.F.R. §1.68 filed on October 8, 2001, because the accompanying docket report incorrectly identified August 23, 2000 as the time period for reply to the Notification. The attached Declaration of Michele Simone

Kaslow  
Application No. 09/554,960

addresses this. A docket entry corresponding to the Notification of Missing Requirements would have appeared on page 409 (where indicated by an arrow) had there been a pending due date known to us, since the docket report is sorted by due date and then by client file number. There is no entry for this matter on our docket for July 23, 2000.

Responsive to Item (1) of the Decision's Discussion regarding the Petition to Revive Unavoidably Abandoned International Application for Patent, enclosed are two Declarations under 37 CFR 1.63, executed by all three of the inventors named in the above-noted patent application.

Applicants respectfully submit this request for reconsideration and believe this submission to be fully responsive to the Decision mailed February 1, 2002.

Applicants request that the Commissioner charge Deposit Account No. 20-1430 for all fees due in connection with the filing.

If a telephone conference would expedite prosecution of this application, the Examiner is invited to telephone the undersigned at 415-576-0200.

DECLARATION  
UNDER 37 C.F.R. §1.68  
OF MICHELE SIMONE

Office of PCT Legal Administration  
Commissioner for Patents and Trademarks  
Box PCT  
Washington, D.C. 20231

Sir:

I, MICHELE SIMONE, declare as follows:

1. I am a docketing clerk with the U.S. Docket Department at Townsend and Townsend and Crew LLP (TTC), San Francisco, California. I have been a docketing clerk at TTC since 1990.

2. I am responsible for handling incoming mail, including Office Actions, from the United States Patent and Trademark Office (USPTO). Under standard TTC operating procedures, Office Actions received from the USPTO are entered in TTC's "Patent and Trademark Docket Chronological" by their due date(s). Accordingly, if a Notification of Missing Requirements Under 35 U.S.C. 371 was mailed from the USPTO on June 23, 2000, and had been received by TTC, it would have been entered with a due date of July 23, 2000.

3. I have reviewed the docket entries for items due July 23, 2000, and found none corresponding to the subject application.

4. Attached is an excerpt of the relevant part of the Docket identifying all entries having a due date of July 23, 2000.

5. The docket entry for the subject missing Notification of Missing Requirements Under 35 U.S.C. 371 would have been listed on page 409, given that matters for a given date are ordered by client number and matter number. This page shows client numbers to confirm that this matter would have been on this page. No such entry is listed.

6. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statement were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Dated: February 5, 2003
